

The image shows a white rectangular area representing a postcard. It is framed by two dashed lines: an outer blue line and an inner pink line. The pink line is offset from the blue line, creating a margin. The text is located in the lower-left portion of the white area, within the pink border.

*This is a 4x6 postcard. The document size is 4.25x6.25 inches. The pink border is what the postcard will be trimmed down to. All artwork should extend to the edge of the document, but the text should be placed within the pink border.*
